PROCEEDING THE INTERNATIONAL SEMINAR OF AGRICULTURAL CONSERVATION AND CULTURAL HERITAGE

***"Circular Economy 2025: Bridging
Conservation, Culture, and Global
Sustainability"***

Edisi : June 2025

**FACULTY OF AGRICULTURE
GALUH UNIVERSITY
CIAMIS
2025**

INTRODUCTION

This proceeding is a publication of presentations and ideas from keynote speeches, invited speakers and research results from presenters at the International Seminar & Call for Paper held on May 24, 2025 at Galuh University Ciamis.

The theme "Circular Economy 2025: Bridging Conservation, Culture, and Global Sustainability" is presented as a response to the urgent need to create a sustainable, inclusive, and local value-based economic system. The circular economy not only focuses on waste reduction and recycling, but also emphasizes the importance of combining the principles of nature conservation with cultural preservation. Thus, this approach not only drives economic growth but also ensures that development is in line with environmental sustainability and social sustainability.

The proceedings of this national seminar include papers from Dr. Sujarwo, S.P., M.P., M.S. (Brawijaya University), Assoc. Prof. Bibin Bintang Adriana (Kwansei Gakuin University), and Assoc.Prof. Abdul Rahman Saili (Teknologi MARA Sarawak University), and research papers presented online.

This proceeding is expected to serve as a reference for the development of research related to farmer regeneration. The Editorial Board expresses its gratitude to all parties who have contributed to the writing of this proceeding.
